

March 2, 2020

Greetings Bass Lake Property Owner,

Last year you applied for grant funding to reface your seawall with glacial stone. The BLPOA will receive up to \$35,000 from the State of Indiana for these healthy shoreline projects. Already two property owners have completed their projects and 50% of the expense has been refunded to them. Note that we were approved for a 50% reimbursement; so 50% of the total cost of your project will be reimbursed.

If you are planning to move forward with your project this year, here is the process:

1. Get a cost estimate from a stone vendor that includes the cost of the stone and also installation. We've attached a list of a few contractors but you are welcome to use others. Typically one yard of glacial stone is required to face six linear feet of sea wall.
2. Email your quote along with an updated application to kcarrier@briljent.com. The application is attached. She will submit it to the DNR for approval.
3. You will be contacted once we hear from the DNR, saying that you can proceed. The DNR is quick about doing this!
4. Once your glacial stone work is completed, send proof of payment to kcarrier@briljent.com. We will then submit it to the DNR for payment. The DNR pays the BLPOA and the BLPOA will then reimburse you for 50% of the cost of your project.

You will be an important part of the effort to make Bass Lake a healthier lake! Hats off to you.

Please feel free to contact us if you have questions Rick Anderson - barefootrun@mhcsi.com or Kathy Carrier - kcarrier@briljent.com or (260) 403-6746.

Sincerely,

Rick Anderson
President of the Bass Lake Property Owners Association

**Bass Lake Healthy Shoreline Glacial Stone Application
2020 Program**

Applicant Name (s): _____

Mailing Address: _____

Property Location (if different than above): _____

Phone: _____

Email: _____

Total Length (in feet) of Project: _____

Total Project Cost. Please attach the quote from your stone contractor:

Healthy Shoreline Grant Amount Requested. This will be 50% of your total cost:

Anticipated Project Date (month/year) _____

Project Description:

Bass Lake Healthy Shorelines Initiative Agreement

I am requesting grant assistance from the Bass Lake Property Owners Association, with funding from the Indiana Lakes and River Enhancement Program. I certify that:

_____ I am the owner of the property.

_____ I agree to provide at least 50% of the total project cost. I understand that reimbursement will be paid upon completion of the project before December 31, 2021.

_____ I understand that permit costs and sales tax are not eligible for reimbursement.

_____ I agree to submit a final report with photos and maintain the project for a minimum of ten years and will reimburse funds to BLPOA if I fail to do so.

_____ I agree to place a Healthy Shoreline sign (provided by the BLPOA) along my lakefront for at least one boating season.

_____ I agree that photos of my project may be used for promotional purposes by the BLPOA in print and electronic media.

Signature of Property Owner: _____

Printed Name of Property Owner: _____

Email the application to kcarrier@briljent.com or mail it to:
